Elective	Elective	Elective Or 2 year IB Elective	2 year IB Elective

For the diploma, an IB elective (World Religions, Anthropology, Business, Psychology, Film, Art, Music, Theatre, Economics, Design Technology, Computer Science, Philosophy, a second science, a second language) is required. It may be a 1 year elective (SL) or a 2 year elective (HL).

Required for high school graduation in Virginia is a year of economics and personal finance. Students may meet this requirement by taking the EPF course either at school or online during the summer, or by taking IB Economics SL or IB Business SL (one year courses; count as both an IB elective and satisfies the state requirement). These IB courses in school satisfy the online course requirement now also required for graduation.

Courses in italics carry an additional 1.0 weight. All *Honors courses carry a .5 additional weight.
